

Pot with Face on the Rim

Not on display

Title/Description: Pot with Face on the Rim

Born: 1000 BC - 0400 BC

Object Type: Pot

Materials: Earthenware

Measurements: w. 140 mm

Accession Number: 1119

Historic Period: Jomon period (Final) (c. 1000-400 BC)

Production Place: Asia, East Asia, Japan

This compressed ovoid jar has a spout in the centre and the face sits atop the rim of neck of the jar. The facial features show large almond-shaped eyes surmounted by curved V-shape eyebrows that meet in the centre. Eyes have a closed appearance with a perforated hole representing the mouth. The face shows small ears with some evidence of a hair feature on the reverse. The pot is a grey colour with a faint curvilinear patterning on the jar.
