IAN BROWNLIE

A Mindful Making Resource

I like making art and this means playing with materials and ideas.

Here are three words beginning with A - Accessible. Affordable. Accretive.

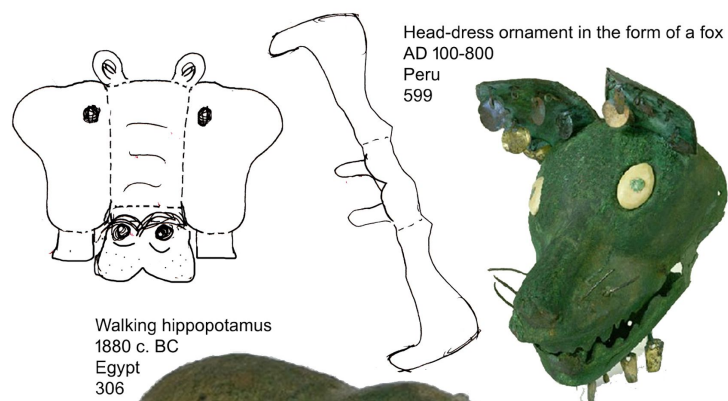

The stuff I use should be able to be reached or easily got (accessible), not expensive (affordable) and that's why I like raiding the recycling for paper and card...

The materials themselves might suggest how to proceed and I like to take inspiration from the collection at the Sainsbury Centre.

Making, experimenting, developing ideas, building on the previous ones (accretive).

I keep what I like and where I can, return the rest to the recycling.

Experiment with Card

Leaflets and Magazines

Cut
Scrunch
Fold
Spiral
Stick.
Combine and play.

Sketch.

Weave.
(I like wavy lines.)

Have fun.
Create some designs.
Don't worry if they fail. Each attempt takes you closer.

Scissors, glue stick and wire.
